THE BIRTH OF STUDY BUDDY

STUDY BUDDY?

- **Web based app**
- **A system that finds you a study partner (based on your preferences)**
- **Exclusive for use for each educational institution**

INSPIRATIONS & ASPIRATIONS

- **System to automate a process difficult for people**
 - **COVID-19**
 - **Difficulty of connection → facilitate connection**
 - **Difficulty doing life with a pandemic! → ease studying**
 - **2 in 1: study + connect → strengthen community**
- 
- A diagram consisting of two thin purple lines. One line starts from the bottom of the first bullet point ('System to automate a process difficult for people') and points to the word 'SCHEDULING' in the second bullet point's sub-item ('Difficulty of connection'). The other line starts from the bottom of the first bullet point and points to the word 'STUDENTS' in the second bullet point's sub-item ('Difficulty doing life with a pandemic!').
